

**MINUTES OF PUBLIC HEARING OF STAKEHOLDERS ON ENVIRONMENTAL
IMPACT ASSESSMENT (EIA) FOR PROPOSED AL-SHERMAN SALT WORKERS
HELD ON THURSDAY 14TH NOVEMBER, 2019 AT SOLAR SITE MARERENI AT 12.00
NOON**

AGENDA

1. Public views
2. Preliminary
3. Project Proponent
4. Closing remarks

MIN 01/11/2019: PRELIMINARY

The meeting was called to order by the County Commissioner (Chairman) at 12.00 noon and started with a word of prayer by Pastor Samuel M. Menza. The County Commissioner introduced himself and welcomed all members present for finding time to attend the meeting. He thanked all stakeholders present.

The County Commissioner introduced the following: -

1. The three villages within the site: - Msumarini, Kadzuyuni and Muyu wa kae (About 450 participants)
2. The two joint secretaries (from the National Government and the community)
3. The NEMA team (Nairobi, Coast Region and Kilifi County) led by Regional Director NEMA
4. The Magarini Sub-County Security and Intelligence Committee
5. Other lead agencies: - KWS, Forest Department, Public Health, Environment, KRA, KURA, Education, KMFRA.
6. The area MP representative
7. The area MCA also the Deputy Speaker: - Kilifi County and Nominated MCA Kilifi County
8. Officers from Al-sherman Company

The Chairman welcomed Coast Regional Director NEMA who was representing the General Director, National Environment Management Authority.

The Regional Director confirmed having received the report for the proposed Al-Sherman Salt Project and as the authority, they are mandated by the law to seek opinions from the community and other stakeholders on environmental impacts of the project thus the objective of the meeting. He requested any supporting documents or memoranda to be handed over to him as evidence.

COUNTY COMMISSIONER
KILIFI COUNTY
P. O. Box 29-60108,
KILIFI

MINS 02/11/2019: PROJECT PRESENTATION

The manager Malindi Salt works and other five who were representing the project proponent introduced themselves to the public. He explained the objective of the project being salt production using natural processes (wind and solar energy). He said they would use the sea water behind the mangrove which has 3.5% salinity level.

The project needed large acreage of land though they would not encroach on the human habitation. The manager showed the perimeter dykes of the parcel of land intended for the project.

He said that, the sea water would be used for salt production and the waste used for animal feeds and to treat hide and skin. The manger said the project would be labour intensive though machines would also be used.

They intended to construct 20 salt ponds/pans where one pond production would be five times per year. One pond would approximately employ 300 people. The project also needed a lot of time approximately 2 years before commencement.

The manager explained that, Al-Sherman was name of a person and they owned 4 parcels of land with different plot numbers within the same location. The manager pledged cooperation with the community.

MIN 03/11/2019: PUBLIC VIEWS

There were those who supported the project and those who opposed it.

A, Those supporting the project

1. Paul John
2. Safari Samini
3. Sammy Karisa
4. Rashid Kitsao
5. Kitsao Said Kayaye
6. Hamis Kazungu
7. Elizabeth Baya

The reasons for supporting the project were

i) Employment Opportunities

The proposed project would offer employment opportunities for the unemployed youths.

The project would also reduce the rate of crime in the area as people would be employed.

Employment would enable the youths to access loans from different sources as wages will be enhanced.

It would also enable money circulation hence improve economy

COUNTY COMMISSIONER
KILIFI COUNTY
P. O. Box 29-60108,
KILIFI

ii) Mary Guyato Gafo

Issue: unsuitability of the land for agriculture

She was of the view that the land was unsuitable for agriculture hence it could be of good use for salt farming.

She feared the land could be used for other purposes if the proposed project is not undertaken that might not benefit the community.

iii) 1. Mary Guyato Gafo

2. Mary Benjamin

3. Elina Samini

They supported the project so long as prior agreement between the company and the community were respected emphasizing mutual co-existence between the investor and the community.

iv) 1. Safari Samin

2. Said Kayaye

They were in support of the project as long as there would be no interference of human settlement in the area, issuance of title deeds to the community and they be allowed to use the land for farming.

v) 1. Mary Lujanje

2. Hamisi Kazungu

3. Mussa Katana

4. Elizabeth Baya

They were in support of the project insisting on the investor adhering to the boundary they had marked for Salt production.

Also they were insisting on written agreements on the above conditions on licensing.

vi) Mussa Katana

He supported the project but asked for either assistance or compensation for the impact on roofing (rusting of iron sheets)

B, Those who opposed the project were as follows with their reasons: -

i) 1. Area MCA Adu Ward – Stanley Karisa Kenga

2. MP Representative – Maitha Samson

3. Benjamin Ngumbao

4. Emmanuel Kayaa

COUNTY COMMISSIONER
KILIFI COUNTY
P. O. Box 29-80108,
KILIFI

5. Jeremiah Ngumbao
6. William Charo Ngonyo

Issue: Project impact on aquatic life and agriculture

They were of the opinion that, the project would threaten the aquatic life (fish and prawns) and also have an effect on agriculture (coconut tree, cashew nuts and mangoes) survival.

- ii) 1. Area MCA - Stanley Kenga
2. Kalume Katana

The dykes erected in the project will lead to diversion of streams from their natural source to the ocean hence causing floods.

- iii) 1. MCA – Stanley Kenga
2. Justus Tsofa Kiti
3. Henry Randu

They feared that the project would lead to salination of the fresh water wells hence leading to unsuitability for human consumption.

- iv) 1. MCA Stanley Karisa Kenga
2. MP Rep. Maitha Samson
3. Jeremiah Ngumbao
4. Salome Nzingo
5. Benjamin Ngumbao
6. Peter Komora

They opposed the project based on land ownership. They cited NLC report 2016 and the Gazette Notice of 2018 that reviewed and revoked the land title deed number thereafter the NLC commission directed that the land be vested to the County Government of Kilifi to settle squatters, to preserve fresh water wells and public utility facilities

- v) 1. MCA Stanley Kenga
2. Ngombo Biryia

They were concerned on health issues: - such as skin and lungs infection, miscarriages and pollution.

- vi) 1. Peter Komora
2. Emmanuel Kayaa
3. Mwinga Mitsanze

COUNTY COMMISSIONER
KILIFI COUNTY
P. O. Box 29-80108,
KILIFI

They objected the proposed project because the employment opportunities offered were very few to the community as the company could only offer 300 – 400 employment opportunities. They had advocated for other alternative livelihoods such as rearing of fish and prawns.

vii) 1. William Charo Ngonyo

He opposed the project because he feared that waste from the project would be disposed off on human settlement area.

Reaction from the proponent of the proposed project – Mbarak Bakhshuein

The director said that they bought the land from other parties. He highlighted the need for the project due to scarcity of salt in the country and being needed in the region and abroad. The director agreed to the honour the agreement through dialogue.

He assured employment opportunities for locals because already 46 people are employed. He also assured not to interfere with human settlement because project would be undertaken within the boundary line.

The proponents would ensure mitigation measures for environmental issues. He insisted on good neighborliness whereby he would support development projects like schools, dispensary and other support.

The director confirmed that he had not been served /received revocation letter from NLC hence his title deed was still valid. He assured assistance in economic development for improving livelihood.

COAST REGION: DIRECTOR NEMA

He pointed out all opinions by the community members e.g. issues on land ownership, employment, environmental impacts e.t.c.

He said EIA report could be obtained from NEMA – Kilifi Office both hard and soft copies. He pointed out that NEMA would cooperate with other leaders on salt issues. The director collected evidence on the project site through photos.

He assured objectivity I their granting / refusal of the license issuance. He would incorporate project component expert input/ advice.

WAYFORWARD

The Regional Director NEMA gave out a time frame of 14 days (2 weeks) for any report/ memo from the stakeholders (community) to be submitted to NEMA office. This would allow the decision makers to give direction on issuance of the license.

COUNTY COMMISSIONER
KILIFI COUNTY
P. O. Box 29-80108,
KILIFI

COUNTY COMMISSIONER CLOSING REMARKS

He thanked the public for maintaining peace during the meeting. He cited the COK 2010 for anchoring public participation as key public policy engagement. He asked the two joint secretaries to prepare one comprehensive report.

He castigated the use of threats and intimidation as the COK 2010 enshrined freedom of expression and action to be taken on anybody who violated the freedom. He thanked all those present.

The meeting ended at 3.20pm by a word of prayer from Abdulrahman Kolomio

Dear Sir,

**RE: PROPOSED SALT WORKS IN A SECTION OF LAND PARCEL LR No. 13536 IN
MARERENI KILIFI COUNTY BY AL-SHERMAN LIMITED.**

We refer to the above matter.

We attended your offices on the 5th of August 2019, to inquire about the status of the application for an Environmental Impact Assessment (EIA) License by Al-Sherman Limited. According to your officer at the EIA section, we were informed that the conditions for the Environmental Impact Assessment License were being drafted.

In this regard, we bring to your attention the review of grants and dispositions by the National Land Commission (the 'Commission') and its findings and recommendations as set out in the Kenya Gazette Notice No. 11714 in the special issue dated 9th November 2018 (see attached annex 1). The NLC made a determination in respect of the grants and ordered a revocation of titles and directed the Chief Lands Registrar to effect the revocation. In regard to LR No. 13535,

COUNTY COMMISSIONER
KILIFI COUNTY
P. O. Box 29-80109,
KILIFI

the Commission reviewed the title allegedly acquired by Solar Salt from Al-Sherman Limited in 1986 and found that:

1. Solar Salt purchased the farm from Al Sherman Limited in 1986
2. Indeed, at the time of allocation, the area was already occupied
3. The land has never been used for salt production.

Having found that, the Commission recommended and directed that:

1. The LR No. 13536 to Solar Salt be revoked and the land vested to the County Government of Kilifi to settle squatter therein and to preserve the fresh water wells and public utility facilities on the land.
2. Road reserves and public right of way be respected.

In light of this, we submit that the Authority should not approve the project nor issue an environmental project license to Al-Sherman as this will be contrary to the recommendations of the Commission.

The NLC has Section 138(c) of the EMCA states that Page 1 of the EIA Study Report on the Proposed Salt works in a section on the location, states that:

"The proposed project will be located in Kilifi county, Magarini Sub-county, Fundi-Issa location, Marereni sub0location, Adu Ward in Musumarini area on a section of land LR No. 13536 that is open without squatters. The area of land L.R. No. 13536 as indicated in the land document is 1,021.9 hectares. The proposed salt works will occupy approximately 753.8 hectares..."

At the time of the EIA report submission, the grants review by the Commission was already underway. It is clear that the project proponent knowingly failed to provide accurate information as to the land ownership. In this regard, this constitutes an offense under the EMCA Section 138. Section 138(c) of the EMCA states that:

"Any person who fraudulently makes false statements in an environmental impact assessment report submitted under this Act or Regulations made thereunder, commits an offense and is liable on conviction to imprisonment for a term not exceeding twenty four months or to a fine of not more than two million shillings or to both such imprisonment and fine"

We recommend that the NEMA should consider this and treat this as an offense and institute prosecution against the project proponent.

We look forward to hearing from you.

Kind regards,

Peter Komora

GRANTS REVIEW

THE KENYA GAZETTE

9th November, 2018

Property Description	Location	Interested Parties	Determination/Chief Land Registrar directed to:
L.R. No. 15868/1 and 2 (Original No 14906/30)	Nairobi	Muthaiga Residents Association Joseph Mungai Gichuru Lucy Wairima Munga Nairobi County Government	The Chief Land Registrar is hereby directed to revoke both L.R. Nos. 15868/1 and 2 and land reverted to the County Government of Nairobi for public use. The Chief Land Registrar and the Director Land Administration(NLC) are directed to implement the determination.
L.R. No. Nairobi Block 82	Nairobi		The land should be planned by the County Government of Nairobi as follows: 1. Chief Land Registrar to issue title to Nairobi City County Government and thereafter the County to plan the following properties as per the Commission's determination: Nairobi Block 82/6192, Nairobi Block 82/6194, Nairobi Block 82/1764, Nairobi Block 82/7333. 2. Nairobi Block 82/1765, the illegal amalgamation of Nairobi Block 82/1765 and 1767 into Nairobi Block 82/9182 is hereby cancelled and Director of Surveys requested to revert to the original survey as Nairobi Block 82/1765 and Nairobi Block 82/1767. Chief Land Registrar to issue title to Nairobi City County to plan the area as per the Commission's determination. 3. Nairobi Block 82/1767, Oyster Village to compensate members of Savannah Jua Kali at current market rate for the land lost and structures that were illegally demolished including; Mother of Mercy Rehabilitation Centre, Jordan Friends Ministry, New Life Temple Redeemed Church, 12 Residential Houses and an Airtel mast. Subject to payment of the above compensation, thereafter a title to be processed in favour of Oyster Village. 4. Nairobi Block 82/6044, Current occupier to compensate the church they demolished. 5. Nairobi Block 82/7375, the illegal amalgamation to be cancelled and Director of Surveys to restore the earlier numbers Nairobi Block 82/7375 and Nairobi Block 82/7333. Chief Land Registrar to issue title to Nairobi City County to plan the area as per the Commission's determination. 6. Nairobi Block 82/733, Harambee Saura to allow time to Manyata and Riverside squatters to relocate to Nairobi Block 82/7375.
Kisumu Municipality Block 17 (7.2 Ha.)	Kisumu	Keli Co-operative Savings and Credit Society Limited Kikako Welfare Group, Kanyukwar	The ownership of Keli Co-operative Savings and Credit Society Limited is hereby upheld. Kikako Welfare Group of K anyukwar are hereby advised to lodge their case to the National Land Commission, Historical Land Injustices Committee under Section 15 of the National Land Commission Act.

TABLE 2

L.R. Nos	Interested Parties	Presentation by Interested Parties	Findings of the Commission	Remarks and Recommendations of the Commission
L.R. No. 13427	KrySTALLINE Salt Works Giriama Village County Government of Kilifi	Allocated land in paid and obtained title and that they are owners of 2034Ha allocated to them They do salt farming on the land, Giriama Village. They have lived on a portion of the land measuring 34Ha since time immemorial. They were shocked to wake up in the morning to find that someone in the name of KrySTALLINE salt Limited has a title over their land which they have extended their boundaries to include their village. They sought information from the Ministry of Lands which informed them that indeed KrySTALLINE salt was allocated 2000Ha excluding their village. The Ministry is not aware of any amendment to their PDP changing their acreage from 2000Ha to 2034. The Ministry further informed them that they had written to KrySTALLINE Salt has declined to do so to date. In addition KrySTALLINE salt is destroying	KrySTALLINE salt was allocated 2000Ha and not 2034. The PDP in KrySTALLINE salt did not include the Giriama Village. KrySTALLINE salt surveyed and illegally extended their boundaries to include the Giriama Village. Ministry of Lands wrote to KrySTALLINE severally as per the letters in the file to return their title to amend and excise the village but they have declined to do so to date.	KrySTALLINE salt must surrender the Giriama village which was never part of their allocation. L.R. No. 13427 to be amended to exclude the village 34Ha. The Giriama Village be vested to Katana Forest. Both parties to respect road reserves and public rights of access.

COUNTY COMMISSIONER
KILIFI COUNTY
P. O. Box 29-80108
KILIFI

		mangrove forests which are public land. They would like the Government to excise the mangrove forests from all salt farms and vest the same in the state for use by all Kenyans.
